Attendance: Stephanie Hamrock, Patti Locks, Bettie Smiley

We discussed the need for Committees to inform future projects.

1. **Landscape Committee** – Evaluate costs for Trim, Removal, and Thin-Out Landscape. Special attention to tree removal near pools. Bids and proposals may include Great Designer Landscape.
2. **Committee for Commercial Painters** – Proposals and Bids.
3. **Pool Committee** – Re-Evaluate pools and spas. Consider proposals and bids for removal of spa.
4. **Committee for Homeowner Property Maintenance** – Consider General Meeting to discuss “needs assessment” for property maintenance. Follow-up with plans before and after Painting.
